

詩篇 2 篇 7 節における קח

鞭木由行

ABSTRACT Yoshi MUCHIKI, “קח in Psalm 2:7”. Ever since von Rad קח in Psalm 2:7 has been often discussed in relation with the Egyptian *nḥb.t*, which is “royal protocol” according to von Rad. However this comparison is hardly justified since Egyptian *nḥb.t* only means “five titularies of Egyptian king” in Egypt. It is also irrelevant that קח is identified with העדרות in the II Kings 11:12, because העדרות is a kind of technical term indicating the Ten Commandments. Therefore, קח in Psalm 2:7 is more general, meaning “decree”.
